

# DVD pad

NVH.

## Customer benefits:

- Easy assembly by custom-fit positioning of several tape stripes on one liner
- Exact positioning due to die-cut form
- Quick processing as only one liner has to be removed
- No curing times compared to liquid systems
- Clean application compared to liquid systems

## Products:

- DuploCOLL® 96614.4 AP
- DuploCOLL® 3720

# DVD pad

NVH

## Design:

- First liner: die-cut in form of the DVD pad (is removed before the tape is positioned on the DVD pad)
- Adhesive tape (e.g. as stripes)
- Second liner: die-cut in form of the DVD pad (is removed before the assembly of the equipped DVD pad on the headliner)
